

Prime (HMO-POS) Select (LPPPO) and Access (PPO) 2024 Formulary (List of Covered Drugs)

PLEASE READ:

THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

Formulary ID: 00024156 Version 11

This formulary was updated on 04/19/2024. For more recent information or other questions, please contact **Martin's Point Generations Advantage Member Services** at 1-866-544-7504 or, for TTY users, 711. We are available 8 am-8 pm, seven days a week from October 1 to March 31; and Monday through Friday the rest of the year. Or visit our website at www.MartinsPoint.org/PartD.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Martin’s Point Generations Advantage. When it refers to “plan” or “our plan,” it means Martin’s Point Generations Advantage plans: Prime, Select, and Access.

This document includes a list of the drugs (formulary) for our plan which is current as of 04/19/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the Martin’s Point Generations Advantage Prime, Select, and Access Formulary?

A formulary is a list of covered drugs selected by Martin’s Point Generations Advantage plans: Prime, Select and Access in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Martin’s Point Generations Advantage plans: Prime, Select, and Access will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Martin’s Point Generations Advantage Prime, Select and Access network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the Martin's Point Generations Advantage Prime, Select and Access Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Martin's Point Generations Advantage Prime, Select and Access's Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year.

Martin's Point Generations Advantage Prime, Select and Access Formulary for 2024

The enclosed formulary is current as of 04/19/2024. To get updated information about the drugs covered by Martin's Point Generations Advantage Prime, Select, and Access, please contact us. Our contact information appears on the front and back cover pages. In the event of any mid-year non-maintenance formulary changes, the formularies will be updated monthly and posted on our web site. For printed versions of the formulary, a list of changes will be provided reflecting all changes that have occurred since the last print date.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular". If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 89. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Martin's Point Generations Advantage Prime, Select and Access covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Martin's Point Generations Advantage Prime, Select and Access requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Martin's Point Generations Advantage Prime, Select, and Access before you fill your prescriptions. If you don't get approval, Martin's Point Generations Advantage Prime, Select, and Access may not cover the drug.

Martin's Point Generations Advantage Prime, Select and Access Formulary for 2024

- **Quantity Limits:** For certain drugs, Martin's Point Generations Advantage Prime, Select, and Access limits the amount of the drug that Martin's Point Generations Advantage Prime, Select, and Access will cover. For example, Martin's Point Generations Advantage Prime, Select, and Access provides 30 tablets per prescription for rosuvastatin. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Martin's Point Generations Advantage Prime, Select, and Access requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Martin's Point Generations Advantage Prime, Select, and Access may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Martin's Point Generations Advantage Prime, Select, and Access will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Martin's Point Generations Advantage Prime, Select, and Access to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Martin's Point Generations Advantage Prime, Select, and Access formulary?" on page e for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Martin's Point Generations Advantage Prime, Select, and Access does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Martin's Point Generations Advantage Prime, Select, and Access. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Martin's Point Generations Advantage Prime, Select and Access.
- You can ask Martin's Point Generations Advantage Prime, Select, and Access to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Martin's Point Generations Advantage Prime, Select and Access's Formulary?

You can ask Martin's Point Generations Advantage Prime, Select, and Access to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Martin's Point Generations Advantage Prime, Select, and Access limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Martin's Point Generations Advantage Prime, Select, and Access will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

Martin's Point Generations Advantage Prime, Select and Access Formulary for 2024

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you change your level of care, such as a move from a hospital to a home setting, and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership, we will cover up to a temporary 30-day supply (or 31-day supply if you are a long term care resident) when you go to a network pharmacy. After your first 30-day supply, you are required to use the plan's exception process. Our transition supply will not cover drugs that Medicare does not allow Part D plans to cover, such as drugs that might be covered under Part B.

MARTIN'S POINT[®]

HEALTH CARE

Martin's Point Health Care complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Martin's Point Health Care does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Martin's Point Health Care:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact the Martin's Point Generations Advantage Member Services Team.

If you believe that Martin's Point Health Care has failed to provide these services or discriminated in another way on the basis of

race, color, national origin, age, disability, or sex, you can file a grievance with Member Services: Member Services, Martin's Point Generations Advantage, PO Box 9746, Portland, ME 04104, 1-866-544-7504, TTY: 711, Fax: 207-828-7847. (We're available 8 am-8 pm, seven days a week from October 1 to March 31; and Monday through Friday the rest of the year.) You can file a grievance in person, by mail, or by fax. If you need help filing a grievance, the Martin's Point Generations Advantage Member Services Team is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at:

U.S. Department of Health and
Human Services
